

Art.-Nr: KXE-EB

Installation frame for KX emergency lights: Elegant recessed wall mounting

**Seamless integration and protection of electronics
(dimensions: 420 mm x 102 mm)**

This mounting frame allows the KX emergency luminaire to be installed straight into the ceiling. The electronics are thereby concealed, which doesn't ruin the luminaire design. The single-battery variant is also supplied with a test button so that manual continuous tests can be run.
