Emergency light Centralised power supply systems Surface mounting, CoreCompact 24 (CC), CPS, IP40, Zinc die-cast, White

The compact IADL LED emergency light made of die-cast zinc is designed for connection to CC24 central battery systems. The innovative integrated lens holder with quick-mounting device allows flexible use of different lens types depending on the application. Round and corridor lenses are included with every light, enabling perfect adaptation to the respective mounting situation.

Control and monitoring via central 24 V low-power system.
