

Art.-No.: 2DW-EB

This ceiling suspension is the more robust variant of its kind. With this both pendulums are attached with a connecting piece to increase the stability. This is attached to the ceiling and the emergency luminaire to the inside the steel tube integrated cables. The emergency luminaire is now attached unobtrusively and steadily to the ceiling.

Optionally with pendulum tubes with a length of 1 meter (2DW-EB.1M) or with pendulum tubes with a length of 2 meters (2DW-EB.2M)
