

Art.-No.: 2PW-EB

The pendulums are a practical solution for suspending an emergency luminaire from the ceiling. The mounting is simple. The pendulums are attached with only a single hook each into the ceiling. The luminaire is then attached to the pendulums. The needed cables are already put through on of the steel tubes und you don't have to run the cables through on site.

Optionally with pendulum tubes with a length of 1 meter (2PW-EB.1M) or with pendulum tubes with a length of 2 meters (2PW-EB.2M)
