

Art.-Nr: DCM12E

The DCM circuit module, in service-friendly 19 "plug-in technology, is used for the voltage supply and monitoring of safety and escape sign luminaires.

The circuit module is equipped with two circuits, each with a separate fuse. Each circuit has its own AC / DC switchover.

TECHNICAL DATA

Material	Steel sheet
Housing color	RAL 5010
Protection type (IP)	IP 00
Input voltageAC	230 V V
Input frequency	50 / 60 Hz
Power factor	- PF
Depth	174 mm
Width	35 mm
Height	128 mm
Weight	0.28 kg
Customs tariff number	85389091

As of: 09.04.2025 - Subject to technical changes and errors.
