

Art.-No.: LSYS-S4

The spot lens ensures an even distribution of light in all directions. Suitable for ceiling heights well above 4 metres, such as in a production facility. Can also be used for open areas in hotels (operating time 8 hours).

For optimal light distribution, it can be quickly installed directly at the installation site in the respective luminaire, depending on the application. This makes assembly easier and increases flexibility during installation.

TECHNICAL DATA

Length	5 mm
Width	60 mm
Height	100 mm
Weight	0.01 kg
Weight incl. Packaging	0.01 kg
Customs tariff number	94059200
Country of origin	CHINA
EAN	4260682159199
