

Art.-Nr: YMOCA-WWUPTA
Casambi button interface for up to 4 potential-free buttons,
53x53x21mm, IP20

This push button has four potential inputs and is managed using the CASAMBI® app. It can be controlled with a conventional light switch and is easy to install in the network with just one click.

Each push button can be configured individually using the app to dim, create a scene or to switch certain luminaires or groups on or off.
